

# High armchair – Collection 2

The armchair from Collection No. 2 is a perfect combination of elegance and functionality that will provide you with comfort and style in your garden, on your balcony or terrace. Made of high-quality material, it maintains its prestigious appearance regardless of weather conditions.

## Material:

The material from which our products are made is high-quality polyethylene. It is characterized by exceptional resistance to mechanical damage, temperature differences and UV radiation, thanks to which the furniture is extremely durable and retains its functional properties for a long time.

ECO colour – recycled content 30%

Certificate: Plastica Seconda Vita

**Application:** Inside/outside

**Maintenance:** For effective furniture cleaning, it is recommended to use a pressure washer, which efficiently removes dirt without damaging the surface. For lighter stains, water with a mild detergent and a soft cloth can also be used.

**Additional features:** The use of the chair is further facilitated by a drainage hole, which prevents rainwater from accumulating.
